Product Overview

Marketing Information

Outdoor 2 MP dome with IR and deep learning

Featuring Lightfinder 2.0, Forensic WDR, and OptimizedIR, AXIS P3265 - L VE delivers excellent image quality and forensic usability under any light conditions. Based on the latest Axis system - on - chip (SoC) with a deep learning processing unit, it enables advanced features and powerful analytics based on deep learning on the edge. And with AXIS Object Analytics preinstalled, it offers highly nuanced object classification and fast search in the VMS. This robust, outdoor - ready camera features audio and I/O connectivity so you can integrate other peripheral equipment such as a microphone to enable audio analytics. Furthermore, with built - in cybersecurity features such as Axis Edge V ault, it prevents unauthorized access and safeguards your system.

- Excellent image quality in 2 MP
- Lightfinder 2.0, For ensic WDR, OptimizedIR
- Analytics with deep lear ning
- Built - in cybersecurity featur es
- Audio and I/O connectivity
